Express Employment
Professionals

Launch a Specialized Apprenticeship Program

for your business with the help of Express Employment Professionals and the Oklahoma Office of Workforce Development. Our programs are designed to recruit and train new or existing employees, helping you meet your business' greatest need while showing job seekers that your training program meets national quality standards.

Why this Program?

Apprenticeships through this program allow you to reap the benefits of a work-based learning program without the HR hassle. Express Employment Professionals:

- Covers all needed insurance and costs associated with liability
- Develops job descriptions
- Recruits, screens, on-boards, and assigns apprentices
- Navigates labor laws for adults and minors
- Bears the burden of governmental red tape
- Leverages our network to maximize your talent pool

How it Works?

While Express handles HR requirements, the Oklahoma Office of Workforce Development will design a registered apprenticeship tailored to the needs of your business and connect you with training providers and other workforce partners. **Funding is available to eligible businesses** to offset costs associated with the wages and related technical instruction for Registered Apprenticeship Programs. These funds help you employ Oklahomans 16 years and older from all backgrounds.
